**ABEJA**  

The Inn at Abeja, a place that awakens the senses and soothes the spirit...

Original outbuildings of a century old farm have been restored into five private, spacious and beautiful guest accommodations. Each is appointed uniquely with eclectic furnishings, antiques and often, salvaged building materials. Thirty-five acres of estate vineyards, gardens, creeks, and wildlife provide everything necessary for guests to explore, relax, and return home rejuvenated.

**LOCUST SUITE**

*Friday, Saturday & Sunday \$295 per night ↪ Monday & Thursday \$265 per night*

The Locust Suite, named for the fragrant trees that grow just outside its front door, is located in the east end of our old Carriage Barn. The main living area retains its original paneling, where on close examination, one can find the mechanical repair history of the farm's early machinery. The beautifully appointed corner kitchen includes everything you need to make a romantic dinner for two. The slate floors, oriental carpets, and mahogany bar reflect the suite's grand, yet den-like, atmosphere.

In the evening, one couple will climb the stairs to their treetop bedroom with adjoining sky-lit bathroom that is luxuriously tiled and offers an oversized shower. The second couple will tuck away in the richly appointed, wood-paneled harness room. Its patio door opens to a view of the woods and Titus Creek below.
